REGISTERED FOR THE BUSINESS DELEGATION TO PRAGUE, MAY 9<sup>TH</sup> – 11<sup>TH</sup>, 2022**

№	Name of the company	Representative and position	Contact details	Main activities	Interest cooperation of	Employer organization
1	<b>CERB TRADE - CHAIRMAN OF THE SUPERVISORY COUNCIL OF THE CONFEDERATION OF THE EMPLOYERS AND INDUSTRIALISTS IN BULGARIA /KRIB/</b>	IVAN GOSPODINOV ZHELYAZKOV, DEPUTY CHAIRMAN OF THE BOARD OF DIRECTORS	<a href="https://cerb-trade.eu/">https://cerb-trade.eu/</a> <a href="mailto:lili.dimitrova@cerb.bg">lili.dimitrova@cerb.bg</a> +359 893 369 258	<b>KRIB</b> is the biggest employers' organization in Bulgaria, uniting 12 500 economic operators and 92 branch organizations, producing three quarters of the country's GDP and accounting for more than three quarters of the export of Bulgaria. By its activity, the Confederation aims to contribute to the development of all economic sectors as well as to the strengthening of the international economic relations between Bulgaria and other countries. The Confederation assists in creating favorable economic environment, increasing the investments and opening new jobs. KRIB contributes to the development of the market relations, the increase of the Bulgarian export and the raise of the prestige of the Bulgarian industry in the world economic community by ensuring representation of the interests of the Bulgarian business in the country and abroad.	As a representative of KRIB is interested to establish contact and partnership with a homologous employers' organization.  As a representative of CERB EAD would like to establish contact and partnership with companies from energy sector in Spain.	АИКБ

				<p><b>Centralna energoremontna baza (CERB)</b> began its activities in 1948 as a small workshop for the repair of rotating electrical machines. Gradually over the years the company grows with various main and complementary activities in the field of Energy - repair and manufacture of transformers, repair of generators and motors, production of castings of ferrous and non-ferrous metal, machining, accredited laboratories for analysis of transformer oils, high voltage laboratory, metal control, vibration monitoring and balancing, oversized railway and road freight transport and others. Today CERB GROUP plays a key role in the energy repairs' sector in Bulgaria and the Balkans. Our main customers are companies like NEK, ESO, CEZ Electro Bulgaria, Energo-Pro, Lukoil, Andritz, PPS - Greece, KESH - Albania and others, with a large number of successfully completed projects for rehabilitation of energy equipment. In recent years we have been intensively developing activities in the field of trade in energy equipment, solar technologies and construction.</p> <p><b><u>CERB Solar</u></b> <a href="https://cerbsolar.bg/">https://cerbsolar.bg/</a> The company specializes in the design and construction of photovoltaic systems for domestic and industrial needs, with experience in the construction of large solar parks. It has a team of designers and</p>
